CONFERENCE PROGRAM

AN OVERVIEW

1. *Integrating Science, Technology, and Marketing: An Overview* 3
Robert L. Clewett

Part One

MARKETING MANAGEMENT IN A HIGH-LEVEL ECONOMY

A. THE ISSUE

2. *Marketing Management in a High-Level Economy* 23
Alfred R. Oxenfeldt

3. *Marketing and the Management of Technological Change* 33
Robert D. Bruce

B. MANAGEMENT METHODS—A RESULT OF SCIENTIFIC AND TECHNOLOGICAL DEVELOPMENTS

(1) Information Systems

4. *Information Systems for Technology Transfer* 47
David W. Cravens

5. *Some Observations Concerning Technical Information Systems in Use by ITT Corporation* 61
Kenneth L. DeBrosse

6. *The Marketing Executive and Management Information Systems* 69
Arnold E. Amstutz

CONFERENCE PROGRAM

AN OVERVIEW

1. *Integrating Science, Technology, and Marketing: An Overview* 3
Robert L. Clewett

Part One

MARKETING MANAGEMENT IN A HIGH-LEVEL ECONOMY

A. THE ISSUE

2. *Marketing Management in a High-Level Economy* 23
Alfred R. Oxenfeldt

3. *Marketing and the Management of Technological Change* 33
Robert D. Bruce

B. MANAGEMENT METHODS—A RESULT OF SCIENTIFIC AND TECHNOLOGICAL DEVELOPMENTS

(1) Information Systems

4. *Information Systems for Technology Transfer* 47
David W. Cravens

5. *Some Observations Concerning Technical Information Systems in Use by ITT Corporation* 61
Kenneth L. DeBrosse

6. *The Marketing Executive and Management Information Systems* 69
Arnold E. Amstutz

(2) Input-Output

7. *Input-Output as an Analytical Tool, With Emphasis on Recent Developments* 89
Janet B. Riddle

8. *Input-Output—Its Advantages and Pitfalls* 94
G. H. Blackett

9. *Use of Input-Output Analysis in Developing Measures of Regional Marketing Activities* 100
R. C. Haring

10. *The Use of Input-Output in Industrial Marketing* 105
Jay M. Gould

11. *The Problems of the Industry Analyst* 115
William A. Hamilton

(3) Econometrics

12. *Contributions of Econometrics to Marketing Analysis, With Special Reference to Engel Curves* 123
Kristian S. Palda

13. *Analyzing Econometric Predictions And Projections* 136
Jon Cunnyngham

14. *The Household as a Production Center* 152
Richard F. Muth

C. PROMOTION AS A PART OF THE MARKETING MIX

15. *Planning and Evaluating Sales Promotion* 165
Charles L. Hinkle

16. *Measuring the Effectiveness of Advertising* 185
Alfred A. Kuehn
Timothy W. McGuire
Doyle L. Weiss

D. EMERGING PATTERNS OF DISTRIBUTION AND THEIR MANAGERIAL IMPLICATIONS

17. *Branding Policies and Practices* 197
Thomas F. Schutte
Victor J. Cook

18. *The Old and New of Franchise Marketing* 214
Taylor W. Meloan

19. *The Emergence and Growth of Discount Stores—A Reappraisal* 225
Robert Drew-Bear

Part Two

MANPOWER PLANNING AND DEVELOPMENT IN MARKETING

A. THE ISSUE

20. *People Development at Jewel* 237
Donald S. Perkins

B. MANPOWER PLANNING

21. *Professional Educational Goals to Match Marketing Manpower Needs* 249
David J. Luck

22. *The Campus Marketing Image and Its Impact on Manpower Supply* 256
H. S. Scott

23. *Projected Manpower Needs in Retailing* 261
John R. Grabner, Jr.

24. *The Contribution of Engineers to the Marketing Plan* 276
Conrad Berenson

C. MANPOWER DEVELOPMENT

25. *Creativity and Marketing* 285
George Schwartz

26. *Cases and Concepts—The Twain Do Meet* 292
Walter J. Salmon
J. L. Heskett
Richard N. Cardozo
Scott M. Cunningham
Ralph G. M. Sultan

27. *A Critical Appraisal of Open-Circuit Television for Use in Marketing Education Programs* 324
Eric S. Stein

Part Three

THE SYSTEMS CONCEPT AND ITS MARKETING IMPLICATIONS

A. THE ISSUE

28. *Simulation of Production—Marketing Channels* 335
E. Jerome McCarthy
R. J. Williams

29. *System Selling in the Field of Retailing—A Case Study* 347
Byron L. Carter

B. LOGISTICS SYSTEM DESIGN AND EVALUATION

30. *Potential for the Use of Graph Theory in Logistics System Evaluation* 359
Howard L. Gauthier

31. *A Computer Program for Location Analysis* 371
David L. Huff

C. SIMULATION OF MARKETING SYSTEMS

32. *A Framework for Contrasting Approaches to a Firm's Marketing System: Computer Simulation and Optimization Techniques* 383
Román V. Tuason, Jr.
William A. Wallace

33. *International Market Distribution Simulation Model* 393
C. H. Chyung

D. LOCATIONAL STRATEGY AS AN ELEMENT IN THE DESIGN OF MARKETING SYSTEMS

34. *Locational Strategy as an Element in the Design of Marketing Systems* 403
Bernard J. La Londe

35. *A Systems Framework for Retail Location* 412
Jac L. Goldstucker

E. THE ECONOMICS OF VERTICAL MARKETING SYSTEMS: SOME THEORETICAL CONTRIBUTIONS

36. *The Stability of Channel Systems: Two Dynamic Models* 433
Stanley F. Stasch

37. *Some Considerations on the Performance of Economic Activities by Intermediaries* 454
Helmy H. Baligh
Leon Richartz

38. *Determinants of Vertical Integration in Channel Systems* 472
Frederick D. Sturdivant

Part Four

THE ROLE OF EXPERIMENTAL RESEARCH IN MARKETING

A. THE ISSUE

39. *The Role of Experimental Research in Marketing: Its Potentials and Limitations* 483
Paul E. Green

B. THE ROLE OF BEHAVIORAL LABORATORIES IN MARKETING RESEARCH

40. *Operation of the Behavioral Laboratory at Purdue University* 497
Dan E. Schendel

41. *Laboratory Research in Marketing at the University of Minnesota* 507
Robert J. Holloway

42a. *A Laboratory Experiment for Establishing Indifference Prices Between Brands of Consumer Products* 511
Edward M. Smith
Charles L. Broome

42b. *Experimental Determination of the Effect of Price and Market-Standing Information on Consumers' Brand Preferences* 520
Edward M. Smith
Charles L. Broome

43. *The Effect of Divided Attention on Attitude Change Induced by a Persuasive Marketing Communication* 532
David M. Gardner

44. *Pricing Experiments, Scaling Consumer Preferences, and Predicting Purchase Behavior* 541
Edgar A Pessemier
Richard D. Teach

C. THE ROLE OF EXPERIMENTAL FIELD RESEARCH IN MARKETING

45. *Field Experimentation: Some Problems, Pitfalls, and Perspective* 561
Kenneth P. Uhl

46. *Experimental Research in Consumer Goods Marketing* 573
Reginald B. Collier

47. *An Experimental Study of Promotional Behavior in the Industrial Distributor Market* 578
William E. Cox, Jr.

D. ANALYSIS OF CONSUMER DECISION PROCESSES: EXPERIMENTAL VERSUS SURVEY RESEARCH

48. *An Experimental Study of the Effects of Information on Consumer Product Evaluations* 589
Donald J. Hempel

49. *Customer and Salesman: The Anatomy of Choice and Influence in a Retail Setting* 598
Ronald P. Willet
Allan L. Pennington

50. *An Experimental Study of the Effects of Experience on Consumer Decision Making* 617
Robert Mittelstaedt

51. *A Decision Process Approach to Impulse Purchasing* 626
David T. Kollat

Part Five

MARKETING THEORY AND ITS OPERATIONAL SIGNIFICANCE

A. DOCTORAL DISSERTATION SEMINAR

52. *Prefatory Comment* 643
Carl T. Eakin, Chairman

52a. *Perceived Risk, Sociometric Integration, and Word of Mouth In the Adoption of a New Food Product* 644
Johan Arndt

52b. *Plant Location Analysis: A Theoretical Formulation* 649
Gilbert A. Churchill, Jr.

XUM

52c. *Product Interdependency in New Product Decisions* 653
Glen L. Urban

52d. *Theoretical and Operational Implications of the Product Manager System in the Consumer Goods Industry* 657
Robert M. Fulmer

B. APPLICATIONS OF DIFFUSION THEORY TO MARKETING

53. *Adoption and Diffusion Research in Marketing: An Overview* 665
Charles W. King

54. *A Study of Why People Purchase New Products* 685
George H. Haines, Jr.

55. *Perceived Risk as a Factor in the Diffusion of New Product Information* 698
Scott M. Cunningham

56. *The Fate of Fashion Cycles in our Modern Society* 722
James M. Carman

57. *The Diffusion Model as a Predictor of Ultimate Patronage Levels in New Retail Outlets* 738
Robert F. Kelly

58. *Patterns of Interpersonal Influence in the Adoption of New Products* 750
John G. Myers

59. *Some Dyadic Relationships Associated With Consumer Choice* 758
Sidney P. Feldman

60. *Sources of Influence in the Acceptance of New Products for Self-Medication: Preliminary Findings* 776
James F. Engel
David A. Knapp
Deanne E. Knapp

C. SPATIAL THEORY IN MARKETING

61. *Marketing and Regional Development* 785
Benjamin Chinitz

62. *Reflections on the Theory of Government Technical Services* 795
Richard A. Tybout
Seymour E. Goldstone

63. *Geographical Variations in Marketing* 810
David A. Revzan

64. *Consumer Travel Behavior and the Central City Retail Structure* 823
Charles Thomas Moore
Morris L. Mayer

65. *A Market Potential Model and its Application to Planning Regional Shopping Centers* 831
Alan M. Voorhees
T. R. Lakshmanan

Part Six
THE EFFECTS OF SCIENCE AND TECHNOLOGY ON MULTINATIONAL MARKETING

66. *Organizing Information for International Planning and Control* 849
Vern Terpstra

67. *Vertical Coordination in Selected Product Markets in Puerto Rico, 1950-1965* 859
Kelly Harrison

68. *The Venezuelan Petroleum Industry: A Case Study in Economic Innovation and Adaptation* 864
Henry Gomez
Ignacio Olcoz

69. *Attitudes of American Executives Toward Foreign Investment Opportunities* 879
Franklin R. Root

70. *Some Socio-Psychological Aspects of the Latin American Food Marketing Study* 890
John R. Wish

71. *Soft Loans for Export Marketing Development—A Proposed Marketing World Bank for Emerging Nations* 895
Barkev Kibarian
